

International and Domestic

Hazardous Liquid and Solid Waste Transportation and Disposal

CFIA CERTIFIED

Dominion Diving Ltd. is a full-service marine contractor able to provide International and Domestic Waste Removal and Disposal, with the capability of processing 3500 lbs an hour offsite. We are also authorized to remove Bio Waste which includes medical waste, needles, and anatomical waste. We specialize in the removal of Domestic Waste such as glass (mixed and non-mixed) as well as incinerator ash and both Black and Grey Water Disposal.

Additionally, Dominion Diving is Transport Canada certified to handle your Oily Slops Disposal and Hazardous Waste Removal.
